Dr. Guerrant Dead

Dr. E. O. Guerrant, one of the best known educators in the State, died Wednesday, after a brief illness. At the time of his death, which occurred in Georgia Dr. Guerrant was on his way from his winter home there to his farm at Wilmore, and he was only ill for one day.

Dr. Guerrant was 78 years old and had labored for the past thirty years among the mountain people of Eastern Kentucky, where he had devoted his time and means to the benefit of the people. He was instrumental in founding the Highland Orphans' Home, here, and many schools and colleges throughout the eastern part of the State.

NOTICE!

The Board of Trustees of the City Cemetery, and all citizens interested in the Cemetery are requested to assemble at the school house in Clay City Saturday night April 29th, at 7 o'clock.

Matters of importance to all concerned will be brought up for discussion and attention.

More About the Schools (Continued from First Page)

county are not worth around \$1,000.00 each.)

Superintendent received for expenses—

In Powell county, ~~Nothing~~
In Adair county, \$86.70.

Supervisor of Schools received for expenses—

In Powell county, ~~Nothing~~
In Adair county, \$122.50.

Total disbursements in Powell county in order to enroll 1806 pupils in 35 schools was \$11,646.

In Adair county it cost them \$29,857.67, to enroll 4,235 pupils in 91 schools.

Now, from the above you will see that it only cost Powell county an average of \$6.50 per pupil to enroll 1806 pupils, which was 88 per cent of her census; while it cost Adair county \$7.05 per pupil to enroll 4,235 pupils, which was only 80 per cent of her census.

Powell county Superintendent said in her report, among other things:—

"The teachers of our county are zealous, wide-awake and progressive; eight of them now attending the Eastern Kentucky State Normal School and many more taking training at Stanton College, preparing themselves for better work."

Adair county Superintendent closed his report with the following remarks:

"Our attendance this past year was decreased much by the troubles attending the change of text books. * * * We need * fewer and larger districts; more money for school purposes and a more effective compulsory law for attendance." INTERESTED READER.

The assessed value of Powell county, less the exonerations and delinquents is \$1,360,066. The county is increasing in value each year, and with the present oil development and manufacturing concerns that are coming in, we will rank with the best in the State in another few years.

Delivering Cars.

A. T. Whitt, agent for the Ford cars in Powell county, left Tuesday morning for Louisville, where he received three touring cars. He was accompanied by John C. Eaton and B. V. Kincaid, who assisted him in bringing the cars back. One of the machines will be delivered to G. W. Bush, the hustling Vaughns Mill merchant, and the other two will go to Stanton parties.

Frank Clark, a colored man about 40 years of age, died at Winchester last Thursday of Bright's disease. The body was brought here, and the burial was Sunday afternoon in the old Clark graveyard over near Pompey. A large number of his people attended the funeral services.

Drs. Lockhart & Goodwin, dentists, of Campton, have leased the building of Mrs. Jennie Russell, next to the Central Hotel, and will occupy it about May 1st. Those wanting dental work done should call and see them as soon as they are located. 15-3r

Keep a Memorandum.

Keep a little notebook on your library shelf if you are in the habit of lending your books to your friends. Have it alphabetically arranged and every time you lend a book put down the name of the friend to whom you gave it, together with the title of the book. It is only a matter of a minute to do this and saves lots of time and worry over trying to locate missing books.
